

Take a stand ... in the Sandbox!
Free, fun, fundamental!

Sandbox Party Convention
Thursday, Aug. 26, 1-4 p.m.
MSU's Breslin Student Events Center

If you've been waiting for the right time to speak out, there's no better time than now and there's no better place than the Sandbox Party convention.

In November, Michigan citizens will elect a new governor, attorney general, state senators and representatives, and more. Those elected officials will determine state policy for years to come, so it's important they know that 83 percent of Michigan voters think early childhood development and education is "an absolute necessity" for their community and 75 percent want such programs protected from budget cuts.

Make sure the candidates are listening to you!
Come to the convention – have fun, make a difference.
